

Formulas For Perfect Homes

## DESIGN AGREEMENT

Simply Additions will develop architectural blueprints including floor plans, elevations and 3D views for the homeowner and address stated below. Simply Additions will apply and pay for the permits to the building department. This agreement allows the staff at simply additions to represent the homeowner when applying for the building permit. The blueprints will be completely acceptable for application purposes, all State code requirements will be met in the construction plans. The plans will include a detailed foundation plan, framing plan, and floor plan needed to receive approval from the building department. A plot plan or property plan is not included in this agreement; it is possible the town may require an updated plot plan.

Address:  
 75 Rockwell Road  
 Newington CT 06111

Description of plans:  
 Simply Additions will design plans based on building an addition for a larger kitchen, the addition will connect the house to the garage. A rear porch will be rebuilt to allow for a larger floor plan. A powder room and laundry area will be incorporated into the design.
