Basement Home Theater Project

3
Weeks

Home Theater 385 Sq.Ft.

Convert 385 sq/ft of your basement into a Home Theater Room!

The average basement is the perfect location for a sensational home theater experience!

In the picture above you can see how we remodeled a 17' x 24' area of an unfinished basement into a glorious home theater.

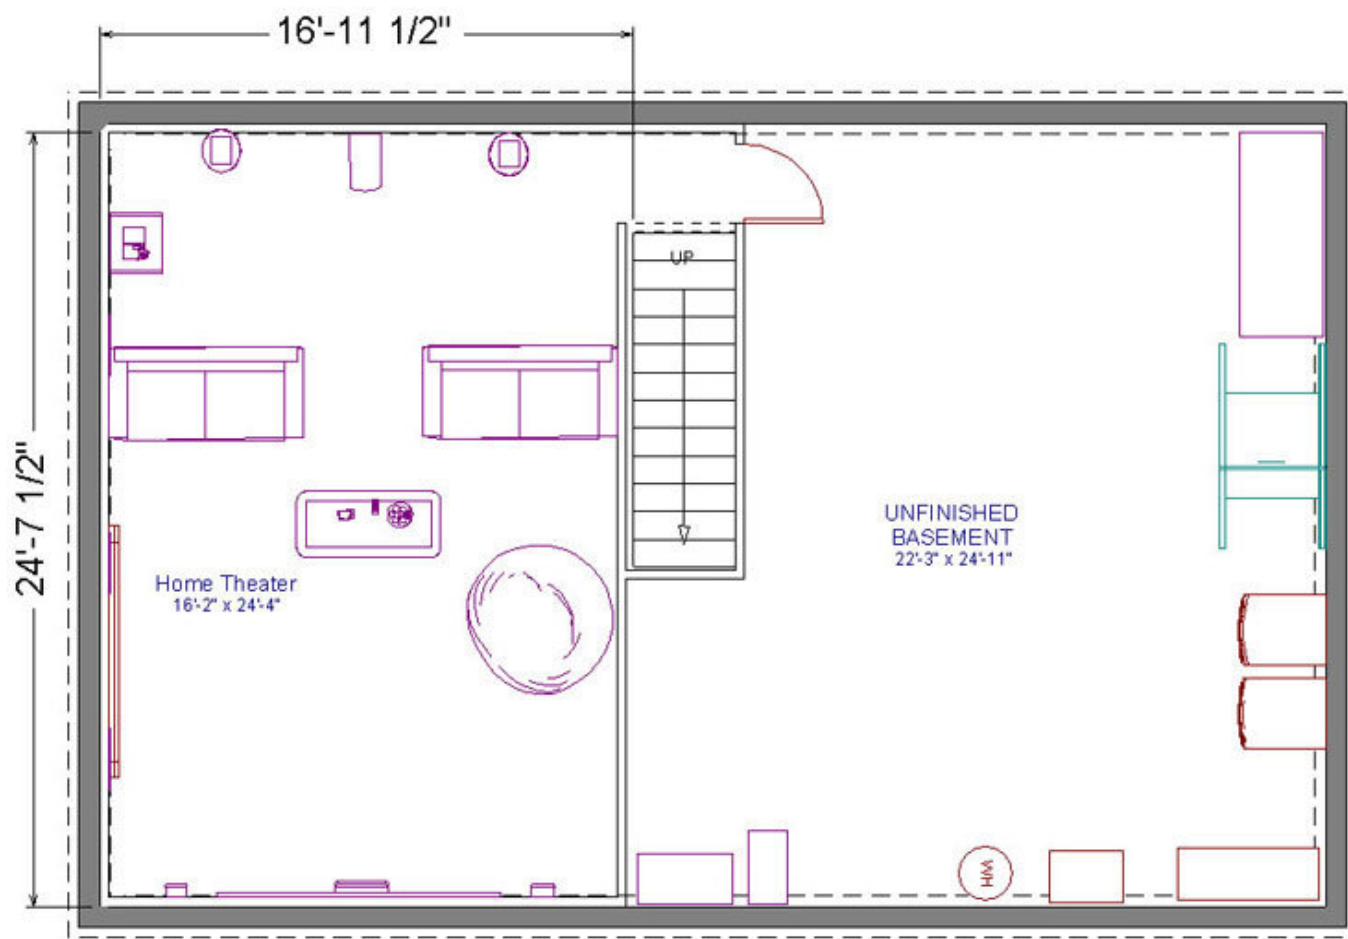

Every basement is unique in shape and size, this estimated basement renovation gives you an idea of how much it would cost you to renovate your current basement or a portion of it into a striking home theater.

***Warning your family and friends will be hard to get rid of once they notice that they can enjoy watching blockbuster movies at your house!**

Total Cost \$21,448

What's included?

- Subfloor with moisture barrier
- Carpet flooring
- Sheetrock
- Electric baseboard heater
- Recessed Lighting
- Electrical (includes: standard home theater wiring)
- Interior painting
